

Surgery Center of Pinehurst
Home Instructions following Circumcision

Activity:

You may return to your normal activities as soon as you are able. No tub bath or swimming for 2 weeks. You may shower or sponge/ splash bath tomorrow.

Medications:

Apply bacitracin ointment to penis and incision 3-4 times a day for 2 weeks. Follow instructions carefully. Pain medications should be taken with food to diminish side effects such as nausea/vomiting. Pain medications may also dehydrate/constipate, so drink plenty of fluids. Do not drive a car or operate machinery as long as you are taking pain medication

Follow-up appointment:

Please keep your scheduled appointment. If the scheduled appointment is inconvenient for you, please call my office so that we can set up a more suitable time for you to return.

Call your Doctor if any of the following occur:

Fever above 101

Pain unrelieved by the pain medication

Bleeding from the surgical area

Dr. Chamberlain
